COMPANY PROFILE

Introduction

Accurate Technologies Company Limited is the global leader for Manufacturing Industry Laundry Equipment and has the most variety product range in the world. Our manufacturing ground has grown from 2.5 acres to over 17 acres or 70,000 square meters that is the largest state-of-the-art facility to manufacture laundry equipment in the world.

We have exported to more than 75 countries worldwide. Image offers a complete line of commercial and industrial laundry equipment to fit any laundry need. We have the most comprehensive line available from a single source. Our product ranges include Washer Extractor, Tumble Dryer, Coin-Operated, Flatwork Ironer, Feeders, Folders and Tunnel washing systems.

We strive to be the best in providing products and service to our customers need. Image products are certified by international standards including CE, ETL, ISO9001, ISO14001 and ISO45001. We trust in building machines with reliable raw materials together with state-of-the-art manufacturing methods. Our products are of high standards at affordable price. We strive to provide our customers with products and services that meet and exceed their expectations.
